READ WITH CONTEXT

RMB40.7m overseas revenue

In H1 2026, the overseas business represented 24.9% of revenue. Registrations and revenue measure different things. [1 p.10]

More than 3,000 hospitals in China

At 30 June 2026. This is company-disclosed reach, not hospital purchasing or end-use volume. [1 p.10]

Context notes: PureIR synthesis from the cited disclosures.

KEEP THE RISKS IN VIEW

Procurement and distributor pricing pressure may affect selling prices and margins. Product defects, recalls and manufacturing disruption may create liabilities and damage reputation. [2 pp.42–43]
